## Country of origin

## More info

If your mouse doesn't offer the gliding experience you want, you might want to give SteelSeries Glides a try. Made out of a Teflon compound, the SteelSeries Glides are applied to the feet and will instantly improve the gliding experience a lot. Because of their thicker layout they will last for months even under heavy use.

\* Designed for Logitech MX series

\* Improves glide by removing friction between mouse and mousepad
