

steelseries
S&S

Product description

SteelSeries S&S solo – by gamers, for gamers. This mouse pad offers unprecedented control and accuracy allowing the user to perform minimal and extremely precise movements. The surface is made of specially responsive plastic compound and the back side features small soft rubber elements offering non-slippery steadiness. The highly durable surface obtains increasing durability and offers a consistent glide experience that will even improve over time. This mouse pad is also available with a protective nylon sleeve under the name SteelSeries S&S.
