

steelseries
SP

Product description

SteelSeries SP is a macroscopic-textured, hard plastic mouse pad designed for competitive gamers demanding precision, accuracy and stability from their mouse pad. The responsive gaming-grade surface of SteelSeries SP offers minimal friction, even for gamers applying a high force of contact on their mice. The surface is compatible with optical and laser mouse technologies and was developed and fine-tuned in co-operation with professional Counter-Strike players from SK-Gaming, mousesports, PGS-Gaming and wNv-Gaming. A non-slip rubber base ensures that the mouse pad doesn't slide, even during the most frantic gaming sessions.

Special features

- * Extremely durable
- * Macroscopic texture for minimal friction
- * Medium-sized

Availability date

November 2007

Part number

53010

Package contents

Mouse pad, PVC carrying bag

Technical specifications

Dimensions: 320 x 270 x 2 mm / 12,6 x 10,6 x 0,1 in

System requirements

Gaming grade ball, laser and optical mice.
