

steelseries ZBOARD

Product description

With its ability to adapt for any game through removeable keysets the SteelSeries Zboard is a completely unique gaming keyboard. The "anti-ghosting" feature allows for 7 simultaneous keystrokes opposed to the standard 2-4 on other keyboards. The entire keyboard can be fully customized through the use of the included SteelSeries Z Engine software, enabling macros to be dragged and dropped onto specific keys by use of the program. The SteelSeries Zboard is equipped with 2 USB ports and includes a standard keyset for everyday use plus a specially developed gaming keyset.

Special features

- * SteelSeries Z Engine allows full customization of each key
- * Pre-defined profiles for more than 150 games
- * Anti-ghosting capability: Up to 7 simultaneous keystrokes
- * Special gaming key area
- * Interchangeable Keysets
- * Internal hub with 2 USB ports

Availability date

October 2008
